Informed Consent Psychological Testing

Date: _____

I, _____ agree to do interviews and psychological tests to be given to me by Carl F. Hoppe, Ph.D., who has explained to me that these interviews and psychological tests have been requested by the Court's evaluator,

Carl F. Hoppe, Ph.D., has further explained to me in detail that the purpose of these psychological tests is to prepare a written psychological report to the Evaluator and to the Court the matter before the Court concerning the custody of:

Carl F. Hoppe, Ph.D., has further informed me that this work will be confidential and privileged except for the matter for which the evaluation was ordered. No other reports will be made except by my specific permission or by appropriate court order.

The payment for the psychological tests will be made by the client or on behalf of the client before any tests are scored. The report will be prepared only after all payments have been made.

The charge for the psychological tests of one person is: _____

Additional consultation time, if any, will be billed at the rate of \$350.00 the hour. If Carl F. Hoppe, Ph.D., is ever called to testify in any proceeding, legal or other, regarding this matter, it will be only as an expert witness (not as a percipient witness). Carl F. Hoppe will appear in any deposition and other procedure only after the client and/or his or her attorney so requests and makes advance payment in the form of a Cashier's Check or Money Order and with appropriate advance notice. The fee for time at Court shall be \$2,000.00 per half-day or portion thereof. A half-day begins at 8:00 AM and ends at noon, or begins at 1:00 PM and ends at 5:00 PM.

I understand that Carl F. Hoppe, Ph.D., has made no warranties or guarantees relative to the conclusion or findings of the psychological tests. The fees under this agreement are not contingent on results or final outcome.

The client(s) agree to hold Carl F. Hoppe, Ph.D., harmless from any liability from any reports or testimony in connection with the psychological tests.
